

Epidemiological Situation of COVID-19 in Cabo Verde

Current Situation

At the end of the forty-first epidemiological week of 2021, Cabo Verde registered 38040 accumulated cases of COVID-19. On that day, the 17th of October, the country reported 388 active cases, 37281 cumulative recovered cases, and 347 cumulative deaths from COVID-19 (and 15 deaths from other concomitant causes). During epidemiological week 41, the country registered one death from COVID-19.

In the period corresponding to epidemiological weeks 40 and 41 (04/10/2021 to 17/10/2021), the country recorded 368 new cases of COVID-19 (*Table 1*).

Table 1. Number of cases and incidence rate of cases reported in the last 14 days of COVID-19 per 100 thousand inhabitants, 04/10/2021 to 17/10/2021

Island	Nº of cases notified	14-day incidence rate per 100 000 inhabitants
Santo Antão	45	129
São Vicente	103	120
São Nicolau	39	373
Sal	4	9
Boavista	0	0
Maio	8	103
Santiago	164	55
Fogo	5	16
Brava	0	0
Cabo Verde	368	65

Sources: SVIR, DNS, MSSS, as of 17/10/2021**

Between 04/10/2021 to 17/10/2021, the cumulative incidence rate of notified COVID-19 cases at the national level was 65 cases per 100 000 inhabitants. The island of São Nicolau reported the highest incidence rate of 373 cases per 100 000 inhabitants, followed by the islands Santo Antão (129) and São Vicente with 120 per 100 000 inhabitants. The cumulative incidence rate was over 25 in all islands, except for Sal and Boavista (Table 1).

During epidemiological week 41, a total of 3366 samples were processed nationwide through RT-PCR and antigen tests (AG-RDT) diagnostic methods combined. In this week, the country registered a positivity rate of 4.9% and a testing rate of 598 tests per 100 000 inhabitants. The islands of São Nicolau, Santo Antão and Santiago reported the highest positivity rates during epidemiological week 41, with 8.3%, 6.4%, and 5.4%, respectively (Table 2).

Table 2. Number of tests performed, positivity rate, and testing rate per 100,000 populations in epidemiological week 41 (11/10/2021 to 17/10/2021) by island

Ilha	Number of testes performed *	Positivity rate (%)	Testing rate/100 000 inhabitants
Santo Antão	235	6,4%	633
São Vicente	927	5,1%	1 082
São Nicolau	205	8,3%	1 714
Sal	182	1,1%	428
Boavista	90	0,0%	429
Maio	196	0,0%	2 530
Santiago	1205	5,4%	380
Fogo	266	0,4%	768
Brava	60	0,0%	1 122
Cabo Verde	3366	4,4%	598

*Total number of RT-PCR and Ag-RDT tests performed

Highlights

1. Published in Official Bulletin No. 81 Series I of August 23, 2021, Resolution No. 82/2021 that:

"Approves the requirement to present a valid RT-PCR or negative antigen test, every fourteen days, or the COVID Vaccination Certificate, to workers and public and private service providers that provide services to the public or who have direct contact with the public, as well as those who share common spaces and transport service with them, as a measure to protect public health and reinforce vaccination, in the face of COVID-19."

The resolution was approved by the Council of Ministers on August 19, 2021, and took effect the day following publication.

2. According to the official resolution nº 75 Series I of July 30, the Government:

- Declares contingency situation throughout the country, based on the evolution of the epidemiological situation;
- Approves the acceptability of the COVID Certificate, as a document proving the low risk of its holder being a COVID-19 active patient and a measure to facilitate free movement and carrying out activities in the context of the COVID-19 pandemic;
- Approval of the regime for the issuance, verification, and acceptance of COVID Certificates from Cape Verde and recognition of COVID Certificates issued by third countries or multilateral institutions.

The "COVID Certificate of Cape Verde" is issued by the Ministry of Health, free of charge (except in the case of issuing a new certificate due to loss or request for issuance in paper format), through the web platform <https://nhacard.gov.cv/>, at the municipal health units, at "Casa do Cidadão" and in the Municipal Councils counters, and also in the "Nha Card" application, available in Google Play and Apple Store.

The resolution No. 78/2021 of the Official Bulletin No. 75 Series I can be accessed at https://covid19.cv/wp-content/uploads/2021/07/bo_30-07-2021_75.pdf.
